

CAMP LUTHER · ADOPT A STAFF

Summer Staff Adoption

Every year God blesses Camp Luther with summer staff that serve as Christian leaders and mentors. These wonderful servants lead Bible studies, facilitate activities, prepare food, assist with maintenance, and care for campers of all ages.

The impact these servants have is impossible to measure. Former campers who now bring their children to camp often tell stories of their summer counselors and remember them by name. In most cases, these stories end with how their counselor inspired them to be active in their faith or seek a career in church work. Praise be to God!

Adopting a staff member assists camp in providing a salary, training, first aid and CPR certification, housing, and various other needs for our summer staff.

Individuals, families, congregations, businesses, and organizations that choose to adopt will receive a biography and picture of their staff member. This biography will include specific information for you to pray for and encourage your staff member throughout the summer.
